Education

Vishwa Adarsha College   **2018 - 2020**
Higher Secondary Level   *Itahari, Sunsari*

- Computer Science

Godawari College   **Expected Graduation: 2025**
BSc Computer Science and Information Technology (BSc CSIT)   *Itahari, Sunsari*

- Courses: Software Engineering, Database Management System, Operating Systems, Computer Architecture, Model-Based Programming, Discrete Structures, Data Structures and Algorithms

Technical Skills

Languages: HTML5, CSS3, JavaScript, TypeScript, C#, latex

Libraries/Frameworks: React.js, Next.js, Node.js, Express.js, Tailwind CSS, ASP.NET Core

Databases: MySQL, MongoDB, PostgreSQL

Developer Tools: Git, GitHub, Postman

Work Experience

Bardali Creatons Pvt. Ltd.   **Jan 2025 – Mar 2025**
Frontend Developer Intern   *Itahari, Sunsari*

- Built responsive web interfaces using **React, Vite,** and **Tailwind CSS**
- Integrated frontend with backend APIs developed in **FastAPI**
- Collaborated using **Git** and **GitHub**, following best practices in version control and UI development

Bardali Creatons Pvt. Ltd.   **April 2025 – June**
Frontend Web Developer   *Itahari, Sunsari*

- Build web applications using **Next.js, Tailwind CSS,** and **TypeScript**
- Learned and applying frontend concepts of the **MERN stack**
- Created responsive, scalable UI components with focus on performance and clean code

Projects

Blockchain Voting System | *Website* | *Source Code*   **MERN stack | Solidity | Ethereum**

- Developed and deployed a secure online voting platform using **blockchain technology** to ensure transparent, tamper-proof elections
- Designed responsive, user-friendly interfaces with **Next.js, React,** and **JavaScript** for registration, voting, and results display
- Integrated **Ethereum smart contracts** via **Web3.js/Ethers.js** and **MetaMask,** with **MongoDB** for off-chain data and tools like **Ganache** for testing

Travel Booking Platform | *Website* | *Source Code*   **HTML | CSS | JavaScript | ASP.NET Core MVC | C#**

- Developed dual-interface system with secure authentication, tour management, and real-time booking status tracking
- Integrated Cloudinary for image optimization and implemented responsive Bootstrap 5 UI for seamless user experience
- Deployed scalable application on Render.com with automated CI/CD pipeline and comprehensive database relationships

Soft Skills

Problem-solving mindset, teamwork, attention to detail, and leadership.

Strong communication skills, adaptability, and eagerness to learn new technologies.
